Join us to learn:

- How the program will help in early identification
- About the free tools available to track milestones
- Your role in tracking children's development

This FREE webinar is designed for family members, people with developmental disabilities, advocates, and professionals in the field of caring for young children, ages 0-5. It will include a presentation and Q & A session. Professionals are welcome to attend; however, questions from family members and consumers will be given priority.

Our speakers are Fran Goldfarb and Debbie Sarmiento, CDC's Act Early Ambassadors to California.

Note:

You will need a computer with internet access to view the presentation. You may listen using a phone or your computer speakers.
